BIKE FIT, ACCESSORIES, RULES, DAMAGE

PICK UP INFO

When you rent a bike you can pick it up in the morning from 9 am or the day before from 6 pm.

Please remember to write this info in the confirmation form.

BIKE DAMAGE, INSURANCE AND RESPONSIBILITY

Once you receive your rental bike, it becomes your responsibility. You will be liable for any damage caused, even unintentionally. You can subscribe an optional insurance at € 5 total per bike that covers against accidental damage with a deductible of € 25.

INSURANCE FOR PERSONAL INJURIES OR TO 3RD PARTIES

We are NOT insured for any personal injuries caused to 3rd parties or property caused by the bike. Any potential injuries you receive are not covered, and therefore we strongly recommend that you have your own medical insurance/travel insurance to cover your medical costs in case of injury.

BIKE FIT, ACCESSORIES, RULES, DAMAGE

MODEL AVAILABILITY

We have different bikes, of various brands, models and sizes. Choose your favorite, and we'll do our best to assign it to you based upon your measurements and our availability. We do guarantee that we will have a top quality, well maintained bike in your size, to ride during your holiday. Included in the rate you will get repair-kit, helmet (if you do not own one and pedals.

BIKE USE & CARE

You are required to wear a helmet at all times while riding one of our bikes. Your bike rental starts when you receive the bike and ends when you return it. We ask that you treat our bikes like they are your own, and take proper care of them both while riding, parking and storing the bike. We will give you the bike in excellent condition, and we expect it to come back in that same condition. Pay special attention to how you park your bike, as the frames can be easily damaged if parked negligently or if they fall over because of poor parking.

Please respect road traffic rules, follow general principles of prudence and diligence, and safeguard other people's rights while riding and using the bike. Please do not make any modifications to the components of the bike on your own.
