BIKE FIT, ACCESSORIES, RULES, DAMAGE

PICK UP INFO

When you rent a bike you can pick it up in the morning from 9 am or the day before from 6 pm.

Please remember to write this info in the confirmation form.

BIKE DAMAGE, INSURANCE AND RESPONSIBILITY

Once you receive your rental bike, it becomes your responsibility. You will be liable for any damage caused, even unintentionally.

INSURANCE FOR PERSONAL INJURIES OR TO 3RD PARTIES

We are NOT insured for any personal injuries caused to 3rd parties or property caused by the bike. Any potential injuries you receive are not covered, and therefore we strongly recommend that you have your own medical insurance/travel insurance to cover your medical costs in case of injury.

BIKE FIT, ACCESSORIES, RULES, DAMAGE

BIKE MEASUREMENTS & BIKE AVAILABILITY SIZE

All of our bikes have sloping geometry to help us meet the needs of many cyclists with different body measurements (height, distance saddle-handlebar, etc.).

RENTAL BIKE FIT

We ask you to have a little flexibility on bike fit, as bike measurements and set up will not always be exactly like your own bike at home. Our cycling guests, even the most meticulous, are always happy with their rental bike, as we take time to fit you properly.

RENTAL & PAYMENT

We ask you to fill in a form with all the information required to confirm your bike. We ask for a 30% deposit at the time of booking, the balance will be paid direct at the shop when you pick-up the bike. If you have to cancel your bike rental due to Covid-19 restriction we will send you a voucher with the value of the amount paid for a future rental or to buy items at our shop. You can pay through Paypal or bank transfer.

BIKE FIT, ACCESSORIES, RULES, DAMAGE

BIKE RENTAL ACCESSORIES

You are required to always wear a helmet while riding one of our bikes. We don't rent bike shoes or helmets for hygienic reasons, so you must bring your own helmet and shoes. We do have helmets for sale.

We don't rent bicycle computers. You should bring your own device (Garmin, polar etc.), if you want to use a computer.

Our bikes don't come with a GPS front mount (on request). We recommend that you bring your own pedals. Otherwise, we can provide them, letting us know the type you need. The bikes comes with repairing kit.

BIKE USE & CARE

Your bike rental starts when you receive the bike and ends when you return it. We ask that you treat our bikes like they are your own, and take proper care of them both while riding, parking and storing the bike. We will give you the bike in excellent condition, and we expect it to come back in that same condition. Pay special attention to how you park your bike, as the frames can be easily damaged if parked negligently or if they fall over because of poor parking.

If you are renting a road bike, only ride it on the road. Gravel bikes are intended for both road and gravel path riding.

Please respect road traffic rules, follow general principles of prudence and diligence, and safeguard other people's rights while riding and using the bike. Please do not make any modifications to the components of the bike on your own
