BIKE FIT, ACCESSORIES, RULES, DAMAGE

PICK UP INFO

When you rent a bike you can pick it up in the morning from 9 am or the day before from 6 pm.

Please remember to write this info in the confirmation form.

BIKE DAMAGE, INSURANCE AND RESPONSIBILITY

Once you receive your rental bike, it becomes your responsibility. You will be liable for any damage caused, even unintentionally. You can buy an insurance for € 5 per bike that covers accidental damages - € 25 deductible.

INSURANCE FOR PERSONAL INJURIES OR TO 3RD PARTIES

We are NOT insured for any personal injuries caused to 3rd parties or property caused by the bike. Any potential injuries you receive are not covered, and therefore we strongly recommend that you have your own medical insurance/travel insurance to cover your medical costs in case of injury.

BIKE FIT, ACCESSORIES, RULES, DAMAGE

MODEL AVAILABILITY

We have different bikes, of various brands, models and sizes. Choose your favorite, and we'll do our best to assign it to you based upon your measurements and our availability. During high season or when large groups are visiting, we cannot guarantee that the model you select will be available in your size. We do guarantee that we will have a top quality, well maintained bike in your size, to ride during your holiday.

BIKE MEASUREMENTS & BIKE AVAILABILITY SIZE

All of our bikes have sloping geometry to help us meet the needs of many cyclists with different body measurements (height, distance saddle-handlebar, etc.).

RENTAL BIKE FIT

We ask you to have a little flexibility on bike fit, as bike measurements and set up will not always be exactly like your own bike at home. Our cycling guests, even the most meticulous, are always happy with their rental bike, as we take time to fit you properly.

BIKE FIT, ACCESSORIES, RULES, DAMAGE

BIKE RENTAL ACCESSORIES

You are required to wear a helmet at all times while riding one of our bikes. We don't rent bike shoes or helmets for hygienic reasons, so you must bring your own helmet and shoes. We do have helmets for sale.

We don't rent bicycle computers. You should bring your own device (Garmin, polar etc.), if you want to use a computer.

Our bikes don't come with a GPS front mount. We recommend that you bring your own pedals. Otherwise, we can provide the and the cost will be € 10 per bike. The bikes comes with repairing kit.

BIKE USE & CARE

Your bike rental starts when you receive the bike and ends when you return it. We ask that you treat our bikes like they are your own, and take proper care of them both while riding, parking and storing the bike. We will give you the bike in excellent condition, and we expect it to come back in that same condition. Pay special attention to how you park your bike, as the frames can be easily damaged if parked negligently or if they fall over because of poor parking.

If you are renting a road bike, only ride it on the road. Gravel bikes are intended for both road and gravel path riding.

Please respect road traffic rules, follow general principles of prudence and diligence, and safeguard other people's rights while riding and using the bike. Please do not make any modifications to the components of the bike on your own
